

Recognition of the Hungarian service record book in accordance with the multi-lateral administrative arrangement of 8 December 2010

Communication from the Secretariat

The Secretariat of the Arrangement is pleased to inform you that the suspensive condition laid down by the Administrative Arrangement for recognition of the Hungarian service record book has now been lifted.

In accordance with the attached Decree No. 94/2011, published on 30 December 2011, the Hungarian service record book has been amended and henceforth contains a page reserved for entering qualifications in compliance with the Rhine Regulations. The new Hungarian service record book is now available to boatmen. An electronic version of the new specimen can be accessed on the CCNR Internet site (www.ccr-zkr.org, on the "Crew and staff" page). In accordance with Article 4 of the Arrangement, a paper version of the specimen shall be supplied to any competent authority that so requests.
